

Conference Tracks

Papers are called for, but not limited to, the following topics:

- Track 1: Electric Mobility, Power & Sustainable Energy Systems
- Track 2: Smart Manufacturing, Automation & Intelligent Systems
- Track 3: Thermal, Design, Energy, and Agriculture technologies
- Track 4: Computing, AI, Data & Cyber Technologies
- Track 5: Electronics, Embedded & Communication Technologies
- Track 6: Printing and Packaging Technology
- Track 7: Applied Sciences for Engineering & Technology
- Track 8: Management Strategies for Sustainable Development

Reviewer

Reviewers are invited to participate in the review process. The reviewer application form and related details are available on the conference website.

Publication Details

All accepted abstracts will be published in the Conference Abstract Proceedings. Selected full-length papers will be forwarded for possible publication in reputed journals indexed such as Scopus, Web of Science (WoS), and Google Scholar, subject to editorial review and publisher approval. Selected papers may also be considered for publication in a book with an ISBN.

Please note that any additional publication charges, if applicable, will be borne by the authors as per the publisher's policy.

Pune Vidyarthi Griha (PVG)

Pune Vidyarthi Griha, established in 1909, is a renowned charitable educational institution committed to inclusive and value-based education. With campuses in Pune, Mumbai, and Nashik, PVG offers programs from pre-primary to higher education across engineering, technology, management, science, and allied fields. A national pioneer in Printing Engineering education since 1926, PVG also upholds strong social responsibility through student hostels and an old-age home. Its legacy of academic excellence and innovation makes PVG an ideal host for international research and knowledge-exchange platforms.

PVG's COETM, Pune-09

Pune Vidyarthi Griha's College of Engineering, Technology and Management (PVG's COETM), Pune, India, (<https://www.pvgcoet.ac.in/>) established in 1985, is a premier **autonomous institute** permanently affiliated to Savitribai Phule Pune University (SPPU) and approved by AICTE. The institute is accredited with 'A' Grade by NAAC (*Third Cycle*) under the revised ICT framework, and almost all programs are **NBA accredited**, reflecting its strong commitment to academic excellence and quality education. The institute offers a wide range of **Undergraduate, Postgraduate, and Doctoral programs** in Engineering, Technology, & Management. With state-of-the-art infrastructure, advanced laboratories, modern computing facilities, a well-equipped library, and a strong research ecosystem, PVG's COETM provides an ideal platform for learning, innovation & interdisciplinary collaboration.

About the Conference

The *International Conference on Advances in Engineering, Technology, and Management (ICAETM-2026)*, organized by PVG's COETM, Pune, aims to bring together *academicians, researchers, industry experts, and students* on a common global platform. The conference focuses on *recent innovations, interdisciplinary research, and sustainable engineering solutions* across diverse domains. ICAETM-2026 will feature *keynote talks, technical sessions, and peer-reviewed paper presentations*, with selected papers considered for publication in reputed **Scopus-indexed journals/proceedings**, fostering knowledge exchange and global collaboration.

Objective

To serve as a premier international platform for researchers, academics, industry professionals, and policymakers to exchange cutting-edge knowledge, present innovative research findings, and foster collaborations across the intersecting fields of Engineering, Technology & Management.

About Pune

Pune, a major city in the state of Maharashtra, is situated at the confluence of the Mula and Mutha rivers and is known for its rich cultural heritage and academic excellence. Often called the **"Oxford of the East,"** Pune hosts several renowned universities, research institutions, and centers of higher learning. The city's historical legacy is reflected in historic landmarks such as **Shaniwar Wada, Sinhagad, Purandar, Lohagad, Torna, and Shivneri**, which stand as symbols of the region's glorious past. Along with its historical significance, Pune has emerged as a leading industrial and technological hub with a strong presence in automobile manufacturing, information technology, electronics, and engineering industries, making it an ideal destination for international conferences and academic collaboration.
